Private International Law The Law

Conflict of laws. Conflict of laws (sometimes called private international law) concerns the process for determining the applicable law to resolve disputes between individuals, corporations (and in some systems the state in certain contractual relationships) in multi-jurisdictional cases and transactions. Conflict of laws especially affects private international law, but may also affect cases where a contract makes incompatible reference to more than one legal framework.

Conflict of laws - Wikipedia

Private International Law is the legal framework composed of conventions, protocols, model laws, legal guides, uniform documents, case law, practice and custom, as well as other documents and instruments, which regulate relationships between individuals in an international context. The OAS through the Secretariat for Legal Affairs (SLA), plays a central role in the harmonization, codification and development of Private International Law in the Western Hemisphere.
