Therefore, the first rule of the mathematical system for race horse betting is to eliminate short priced horses as betting choices. Notice we did not say eliminate the favorite, only horses less than 3-1 on the tote board. If you can find a favorite that is 3-1 or better and you think the horse deserves a bet, by all means take a shot.

~~3 Proven Betting Systems That Work in 2019~~

I teach you how I make a profit by covering every single horse in a race - even when it's the 40-strong field of the Grand National. ... How to win lots of money betting horse racing - Duration ...
