interested in engaging in reflective practice via 'through-the-mirror writing'; founded on the principles that uncertainty, combined with playful creativity and a commitment to constant questioning will lead us to a better understanding of ourselves. The reader is taken gently

SAGE Books - Reflective Practice and Professional Development

Reflection is a state of mind, an ongoing constituent of practice, not a technique or curriculum element. It is a way of learning from one's own experience to inform practice, widen perspectives and challenge assumptions, taken-for-granted and damaging social and cultural biases and a way of learning from the experience of others.

Reflective Practice | SAGE Publications Ltd

Reflective practice is an active, dynamic action-based and ethical set of skills, placed in real time and dealing with real, complex and difficult situations. Moon, J. (1999), Reflection in Learning and Professional Development: Theory and Practice, Kogan Page, London.

medicine and healthcare and is essential reading for students and professionals seeking to enhance their reflective writing skills and to examine their own practice in greater critical depth.

Reflective Practice: Writing and Professional Development ...

Reflective practice writing, involving explorative and expressive use of narrative, metaphor, and so on, has the creative power to give different perspectives on our relationships, actions and assumptions. Such writings, when reread, reflected upon, and discussed with confidential trusting respectful peers, can develop their full potential to give insight and pathways for development.
