Reloading the 9mm is not a difficult proposition; it's a relatively straightforward design. It is a straight-walled, slightly tapered case, which headspaces off of the case mouth. Therefore, you'll want to be very careful about trimming the brass to proper length and leaving a good, square case mouth.

## **Loving Your Luger: Reloading the 9mm Luger | Gun Digest**

In today's shooting world, the 9mm is the most common caliber of choice for pistol shooters. In a semi-auto pistol, the magazine size averages 17 rounds. While the 9mm's stopping power doesn't come near to that of the .45, the advancements of ballistics research coupled with the large number of available rounds in one magazine...
