Progress and advancement are the results of effective planning, implementation, execution of developmental ideas, collective will, hope and continuous hard work. Progression is nothing but a new development, a positive innovation, improved technique, method or suggestion that leads an individual or a society as a whole towards positive growth.

The progress achieved and good examples are almost completely ignored. The Progress Programme has supported transnational projects on social experimentation. Furthermore, the Commission recognises the progress made during conciliation. So I hope there will be progress this year, at the latest, following the progress report.
