General Professional Responsibilities Professional responsibility generally refers to a duty an employee owes to his employer and his clients. An employer expects an employee to provide professional quality service and communication at all times, through oral and written communication.

## **Personal Responsibility Vs. Professional Responsibility ...**

Research is required not just for students and academics, but for all professionals and nonprofessionals alike. It is also important for budding and veteran writers, both offline and online. For nonprofessionals who value learning, doing research equips them with knowledge about the world and skills to survive and improve their lives.

## **7 Reasons Why Research Is Important - Owlcation - Education**

Professional responsibilities can lead to moral conflict if, for example, research results and/or the effects of technologies have a potential to endanger others. For example, scientists can have a duty to pursue truth, and they can equally have a duty to avoid harm, and they might not be able to fulfill both.

## **Professional Responsibility - an overview | ScienceDirect ...**

Researching professional responsibility issues is like researching for many other legal issues. Identify your issues first and then identify the relevant constitutions, statutes, regulations, court rules, ethics rules, case law, ethics opinions, and secondary sources. Consult an annotated version of the ethics code you are researching, if available.
