Rethinking The Mba Business Education

Their findings comprise the book, Rethinking the MBA: Business Education at a Crossroads. In the book the authors make the case, that although much of conventional business education is still germane, much of it needs to be rethought. If business schools are going to be a crucible to help forge the next generation of leaders... much needs to be done.

Rethinking the MBA : Business Education at a Crossroads by ...

Business is the largest undergraduate major in the U.S. and still growing. This reality, along with the immense power of the business sector and its significance for national and global wellbeing, makes quality education for these students critical not only for them but also for the public good. Business education for undergraduates, however, is too often narrow, fails to
