### Oil Seals | The Timken Company

SEAL SPECIFICATION GUIDE The Timken Company, known for its top-quality line of bearings, has extended its product line to include seals. Timken, with 77 seal patents, already had the product knowledge for seal design. In fact, it was only natural for Timken to extend this experience into a complete line of seals for the automotive aftermarket. Each and every seal sold by Timken is manufactured with the same quality that goes into every Timken bearing.
