The Ultimate DSLR Lens Guide (Everything You Must Know)

A digital single lens reflex, or DSLR camera, is a camera with an internal mirror and prism system. This system is used to direct the light from the lens up to the viewfinder that you look through to compose the image. ... We also have a guide to the best camera lenses. We have a guide to why you need a tripod, ...

Amazon.com: manual 35mm slr camera

When shopping for a DSLR camera, people often overlook or skip on lenses. Lenses serve as the camera's "eye." They determine what and how your camera will see your subject and how well that view is transmitted to the camera's sensor chip for recording. The way I like to look at camera lenses is as painters' brushes: [...]
