### Smart Villages And Smart Cities

From the town that ditched public transit for Uber, a new smart community in rural Innisfil Ontario called Orbit has been launched. The designers envision the Orbit as a hybrid between urban and rural living, dispersing higher-density built form across open green spaces intersected with nature trails and street grids. The plan is seen as an extension of Ebenezer Howard's Garden City movement ...

### Smart Cities: What are they? - The Hindu

Finally, smart cities in 2019 seek to improve the lives of their citizens. Whether that's using connected cameras to help emergency responders or allowing users to communicate with the city through WiFi and wearables, smart cities increase the comfort, safety, and livelihoods of the people living in them. Chicago is a strong example.

### We need smart villages more than smart cities - IAS4Sure
