Tip : If you purchase your speakers online, but don't feel comfortable installing them, your local automotive audio store can install them for you. However, you will usually pay less for installation if you purchase the speakers through the store. Once you purchase your new car speakers, it's time to get them in your car and get listening.

TV & Home Theater: TVs, 3DTV, DVD, Bluray, & Audio - Best Buy

Buying a high-quality stereo pair and adding lower-cost center and surround speakers tends to result in disjointed and uneven performance. Five identical speakers (left, center, right, and a pair of surrounds) of somewhat lower quality will, in fact, work better for home theater than a "mix and match" set.

Audiophile's Guide to Buying Car Speakers 2018 ...

(Think of channels as speakers. A channel is a dedicated circuitry for one audio source, and there are two when we're talking about stereo.) The two amplifiers in a stereo receiver will power your two stereo speakers, and though you can connect a stereo receiver to a TV, you won't get surround sound as a result.
