Let's define Strategic, Tactical and Operational planning. Apr 3rd, 2014. Strategic planning is an organization's process of defining its strategy, or direction, and making decisions on allocating its resources to pursue this strategy. Generally, strategic planning deals, on the whole business, rather than just an isolated unit, with at least one of following three key questions:

## *Rescue task force is not a strategy, it is a tactic*

In the business world it is common to use 'tactics' for low-altitude tasks and 'strategy' for higher-altitude plans and goals. I understand your confusion, because my kids in grade school are taught 'strategies' for dealing with various interpersonal situations, and in the business world we would call those activities 'tactics.'
