Online Library Studyguide For New Frontiers In Integrated Solid Earth Sciences By Editor S Cloetingh

The New Frontiers program is a series of space exploration missions being conducted by NASA with the purpose of furthering our understanding of the Solar System. The program selects medium-class missions which can provide high science returns. NASA is encouraging both domestic and international scientists to submit mission proposals for the program. New Frontiers was built on the innovative approach used by the Discovery and Explorer Programs of principal investigator-led missions. It is designe

New Frontiers program - Wikipedia

Frontiers vs Reviewer: Round 3. Some weeks later, the authors updated their submission with a new version of the manuscript, this time submitted as a clinical case report. In addition, I received an e-mail from Frontiers, requesting my approval for changing the type of article from Methods to Case Report.
