## **Subsidizing Success The Export Import**

Subsidizing Success illuminates a strategic - and little-known or understood - element in US foreign trade and relations. More than this, however, it serves as a penetrating study of the relationship between the public and private sectors and the role of government in both domestic and international economics.

The 12 characteristics that predict success in the export marketplace: Those who have found success as exporters of businesses, products, or services possess the following characteristics in common.

## **12 Characteristics That Lead to Export Success**

An export subsidy reduces the price paid by foreign importers, which means domestic consumers pay more than foreign consumers. The World Trade Organization (WTO) prohibits most subsidies directly linked to the volume of exports, except for LDCs. Incentives are given by the government of a country to exporters to encourage export of goods.
