whether it is mescaline/shrooms/acid or a comparable research chem. The key is to start low. The more of a drug you take, the more potential there is to feel overwhelmed or frightened. 2nd, choose a drug with a fairly short duration.

anarchist cookbook - The Psychedelic Experience ...

SWIM disagrees about going with a short term psychedelic. Often it is easier for first timers to take something that is less potent and has effects...

Swims Psychedelic Cook Book Mescaline
SWIM's cook book also covers more fiddly things (such as growing large DMT crystals, separating DMT from 5-MeO-DMT, purifying Sodium Carbonate etc) so that even an experienced person will likely find some techniques and ideas here to further develop their alchemical expertise.

any philosophical weight to veganism, but like with any psychedelic, it helped to invoke an intuitive and more compassion-based perspective. That's not to say veganism never appeared to me as intuitive or compassionate before this experience, but the lifestyle did take on more emotional depth as a result of that experience.

Swim has been trying to heal emotionally from a very damaging childhood and has to some extent, but Swim has read about so many others having these emotionally healing and revealing of traumas experiences that can be processed by the medicine in a freeing way so to speak. Swim has not. Swims experiences have nearly all been visionary only.
