In Anatomy of Terror, former FBI special agent and New York Times best-selling author Ali Soufan dissects bin Laden's brand of jihadi terrorism and its major offshoots, revealing how these organizations were formed, how they operate, their strengths, and - crucially - their weaknesses. This riveting account examines the new Islamic radicalism

Description. Stalin's Terror of the 1930s has long been a popular subject for historians. However, while for decades, historians were locked in a narrow debate about the degree of central control over the terror process, recent archival research is underpinning new, innovative approaches and opening new perspectives.
