Coloring candy is one of the special candies in Candy Crush Jelly Saga. It is brought from Candy Crush Soda Saga. It is the most powerful special candy in the game and it is the most difficult to create. Unlike color bombs, coloring candies have color to them.

To create the Coloring Candy you must get 7 candies in a T shape. 5 of them have to be in a row (as you would with a color bomb) but it must have same candies in the opposite spots from the center where they match. This is kind of a cross between the Color bomb and the Wrapped candy. Switch the Coloring Candy with a regular Candy, and all the Candies of that color on the board will be painted to match the Coloring Candy. Trivia Edit
