Mexico is the remarkable chronicle of some of the earliest episodes of Europe's domination of the New World, all told by means of the eyewitness account of Castillo himself. It's a vivid portrayal that conveys as much the entirely justified anxieties of the Conquistadors as they enter and begin to gain supremacy over the cities of Mexico, as it

The Discovery doctrine is a concept of public international law expounded by the United States Supreme Court in a series of decisions, most notably *Johnson v. M'Intosh* in 1823. Chief Justice John Marshall explained and applied the way that colonial powers laid claim to lands belonging to foreign sovereign nations during the Age of Discovery.
