Rife, however, believed in the use of light as another facet of his treatment. The cost of his light machine is currently too much. So - the difference between the machines is that the Rife Machine has left a connection in the electronics to hook up a light machine should they bring a less costly one to market.

About us | ETDFL

I have the Professional Rife Machine V2 and am a beginner of “Rifing”. I am interested in the treatment frequencies and have a question. Why are the frequencies in ETDFL different from those in CAFL? Why don’t you use CAFL? Answer: We don’t use CAFL as it expired in 2006 , 12 years ago due to repetitive and poorly researched frequencies.
