History of anthropology in this article refers primarily to the 18th- and 19th-century precursors of modern anthropology. The term anthropology itself, innovated as a New Latin scientific word during the Renaissance, has always meant "the study (or science) of man". The topics to be included and the terminology have varied historically.

History of anthropology - Wikipedia

With the development of functional theory, the influence of anthropology on the sociology of religion becomes more direct and important. Functionalism is not solely a product of anthropology, of course; it is one of these basic scien- tific orientations that appear in widely different fields "when the time is ripe."

The Influence of Anthropology on Sociological Theories of ...

In the view of some critics, social and cultural anthropology was becoming, in effect, a Western social science that specialized in the study of colonial and postcolonial societies. The war in Vietnam fueled criticism of American engagement in the Third World and precipitated a radical shift in American anthropology. There was general disenchantment with the project of "modernizing" the new states that had emerged after World War II, and many American anthropologists began to turn away ...

Anthropology - Social and cultural anthropology | Britannica

French Marxist anthropology is commonly seen as having followed two paths: one influenced by the philosopher Louis Althusser (1918 - 1990) and his reinterpretation of Capital, which attempted to apply Marxian analysis to all societies in an " overdeter-mined " fashion; and the other associated with Maurice Godelier (b. 1934), himself a student of the French structuralist Claude L é vi-Strauss (b. 1908), who advocated a more tempered incorporation of Marx ' s work that in fact ...

Marx, Karl: Impact on Anthropology | Encyclopedia.com

Anthropology builds upon knowledge from natural sciences, including the discoveries about the origin and evolution of Homo sapiens, human physical traits, human behavior, the variations among different groups of humans, how the evolutionary past of Homo sapiens has influenced its social organization and culture, and from social sciences, including the organization of human social and cultural relations, institutions, social conflicts, etc. Early anthropology originated in Classical Greece
