Journal of a Trapper is one of the most important first hand accounts of the mountain man era. In it, Russell provides a detailed narrative describing the day-to-day life of an ordinary trapper in the Rocky Mountains. The Journal begins when Russell hired on with Nathaniel Wyeth's second expedition to the west.

Mountain areas. Different approaches have been developed to define mountainous areas. While some use an altitudinal difference of 300 m inside an area to define that zone as mountainous, others consider differences from 1000 m or more, depending on the areas' latitude. Additionally, some include steepness to define mountain regions, hence excluding high plateaus (e.g. the Andean Altiplano or ...
