### The Politics Of United States

The United States Constitution has never formally addressed the issue of political parties, primarily because the Founding Fathers did not originally intend for American politics to be partisan. In Federalist Papers No. 9 and No. 10 , Alexander Hamilton and James Madison , respectively, wrote specifically about the dangers of domestic political ...

### Politics of the United States - Wikipedia

The United States is a federal constitutional republic, in which the President of the United States, Congress, and judiciary share powers reserved to the national government, and the federal government shares sovereignty with the state governments. The Constitution of the United States provides for a separation of powers among three branches. The executive branch is mostly about the President and is independent of the legislature. Legislative power is in the two chambers of Congress, the Senate
