The Problem Of Political Authority

The eponymous problem of political authority is the question of what the distinction between these cases might be — on what basis, if any, might we justify this difference in treatment between the behavior we consider ethically justified from individual actors versus the power we accord to the state.

Acces PDF The Problem Of Political Authority By Michael Huemer

The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey is a book by University of Colorado philosophy professor Michael Huemer released in January 2013.

The Problem of Political Authority - Wikipedia

In part one, Huemer argues that political authority is an illusion, that is, that governments do not actually have some special authority to coerce their citizens to do whatever they want them to do, and associated with that, citizens do not actually have any obligation to obey the governments ruling over them.

The Problem of Political Authority: An Examination of the ...

Those who believe in political authority need not hold that political authority is unconditional or absolute, nor need they hold that all governments have it. One could hold, for instance, that the state's authority is contingent on its respecting basic human rights and allowing citizens a certain level of political participation; thus, tyrannical governments lack authority.

The Problem of Political Authority

In my view, Michael Huemer's new 'The Problem of Political Authority: An Examination of the Right to Coerce and the Duty to Obey' is the best book in the genre." I thought this was hard to believe,...

The Problem of Political Authority | Free Thoughts Podcast

Michael Huemer's 2013 book "The Problem of Political Authority" sets out to prove a radical conjecture: that no government has legitimate authority, and citizens have no duty to obey it. Considering nearly everyone allows some role for government, Huemer has set himself a tall task.

Review of Michael Huemer's 'The Problem of Political ...

Bryan Caplan praises Michael Huemer's work on the problem of political authority because it avoids the extremes of both rights-based and consequentialist reasoning. Each has notoriously foundered on difficult problems in the past, as is well-known to students of political philosophy.

The Problem of Authority | Cato Unbound

As the title The Problem of Political Authority suggests, a central issue in political philosophy is the nature and justification of the authority of the state.

The Problem of Political Authority: An Examination of the ...

The state is often ascribed a special sort of authority, one that obliges citizens to obey its

The Problem of Political Authority is his best book yet. Using moral premises you probably already accept, and clear but subtle arguments, Huemer leads you step-by-step to a radical yet compelling conclusion: government as we know it is an unnecessary evil. If you're tired of political books that merely preach to the choir, prepare to be amazed.'
