This leads to compromised decisions and unethical behavior. It is not just what we accomplish that matters but also how we accomplish it. In *The Process Matters*, Joel Brockner shows that managers have to do more than just meet targets and goals. They have to reach those ends in the right ways—with input, consistency, and accountability—if they want to effectively lead and manage in their organizations.

the ways that managers can bring out the best in their people. Relevant to anyone who is in a managerial position—from the CEO on down—The Process Matters proves that seemingly simple differences in process can go a long way.

The Process Matters - Engaging and Equipping People for ...

ing the process well may not require much in the way of tangible resources. For Jay Leno, it only required a few key people to show him real respect; this cost very little time or money. Third, given how much the process matters, and given the simplicity of doing it right, you would think that processes would be handled well more often than not.
