Connexion Causation Realism

In this revised and updated edition of *The Secret Connexion*, Galen Strawson explores one of the most discussed subjects in all philosophy: David Hume's work on causation. Strawson challenges the standard view of Hume, according to which he thinks that there is no such thing as causal influence, and that there is nothing more to causation than things of one kind regularly following things of another kind.

David Hume ...

The Secret Connexion:
Causation, Realism, and
David Hume: Revised Edition
Galen Strawson Abstract.
According to the regularity
theory of causation, all
there is to causation is
regular succession. On this
view, for A to be the cause
of B is just for all things
of type A to be followed by
things of type B: there is
absolutely nothing about A

File Type PDF The Secret Connexion Causation

In this revised edition of 'The Secret Connexion', Galen Strawson explores one of the most discussed subjects in philosophy: David Hume's work on causation. He argues that Hume believes in causal influence, but insists that we cannot know its nature. The regularity theory of causation is indefensible, and Hume never adopted it in any case.
