The Soul Hypothesis Investigations Into

" The Soul Hypothesis is a refreshingly open-minded collection of new essays, all of them philosophically and scientifically well-informed, demonstrating that soul—body dualism is far from being a defunct hypothesis and, indeed, is in many respects more promising than any of the forms of physicalism that have come to dominate western philosophy in recent decades. It is unusual in approaching its topic from a wide variety of angles, including those of linguistics and modern relativistic and ...
