The final comparison between Victorianism and Modernism is the difference between nature and science. During the Victorian Era, the main focus of writing was the idea of relating people to nature. A perfect example of this is in the book "Pride and Prejudice" When Elizabeth talks about Pemberly as a beautiful setting perfect to live in.

Victorianism vs.

Modernism:compare and contrast ...

Arising out of the rebellious mood at the beginning of the twentieth century, modernism was a radical approach that yearned to revitalize the way modern civilization viewed life, art, politics, and science. This rebellious attitude that flourished between 1900 and 1930 had, as its basis, the rejection of European culture for having become

College

In an era characterized by industrialization, rapid social change, and advances in science and the social sciences (e.g., Freudian theory), Modernists felt a growing alienation incompatible with Victorian morality, optimism, and convention. New ideas in psychology, philosophy, and political theory kindled a search for new modes of expression.

Modernism | Definition, History, & Examples | Britannica

The late Victorian period however, influenced the literary trend that modernism would become and the main focus of the writings was the individual and less evaluations of the society. While Victorians and their literature were concerned about the culture in which they already were, Modernists focused towards the future and different ideas.
