### The Yellowstone Conundrum Is This

The Yellowstone Conundrum is a page-turning novel with readers following eight characters as they scramble out of harm's way on Day One; everyday people put into extraordinary situations, with the President of the United States and his cabinet scrambling in the background to find how to escape from lose-lose scenarios.

### The Yellowstone Conundrum (Is This It? Book 1) - Kindle ...

This book is indeed a conundrum - but not because of the Yellowstone supervolcano exploding but because of the way in which this book is written. The author swings between excellently written scientific fact and horribly written interactions/flashbacks/other stuff.. and hence the conundrum.

It was a bit of a wait for this latest episode of the Yellowstone Conundrum series, but it is a worthy addition. There was a face pace to the book, and as has the series to date, the stories span the continent. I hope the next episode does come out in May 2016 as promised. This one was well worth the money and the time to read.
