Those Darn Squirrels Fly South by Adam Rubin

Squirrels play a significant role in our local ecosystem. Squirrels are one of the most important animals responsible for forest regeneration. There are many factors contributing to high efficiency of forest regeneration by grey squirrels (*Sciurus carolinensis*). The first factor in the grey squirrels' success in forest.

If you want to photograph birds, this makes them darn squirrels, pests! There are some measures you can take to deal with pesky squirrels. One is the anti-squirrel bird feeders which close off the feeding holes by the weight of the squirrel landing on the feeder. I got one of these for The Ranch to see how well they work.
