wheelers below 150 cc. In FY2019, the top 10 two-wheelers sold in the country all consisted of models which displaced less than 150 cc and accounted for total sales of 1.31 crore units of over 2.11 crore units sold in total.

Is India Ready To Go Fully Electric With Two And Three ...

This concept (Dragonfly Three Wheeler) claims both stability and traction (two driven wheels), as well as a unique driving experience. With two wheels in the front (the "tadpole" form or "reverse trike") the vehicle is far more stable in braking turns, but remains more prone to overturning in normal turns compared to an equivalent four-wheeled vehicle, unless the center of mass is lower and/or further forward.

Three-wheeler - Wikipedia
