Democratization (or democratisation) is the transition to a more democratic political regime, including substantive political changes moving in a democratic direction. It may be the transition from an authoritarian regime to a full democracy, a transition from an authoritarian political system to a semi-democracy or transition from a semi-authoritarian political system to a democratic political ...

Democratization - Wikipedia

Over the last thirty years, the European Union (EU) has created a system of environmental governance in Europe. With a large number of legislative measures, the EU's environmental policy is broad in scope, extensive in detail, and often stringent in effect. Environmental governance also extends to the ways in which decision-making on environmental policy has become institutionalised within ...
