Vasco da Gama, 1st Count of Vidigueira, was a Portuguese explorer and the first European to reach India by sea. His initial voyage to India was the first to link Europe and Asia by an ocean route, connecting the Atlantic and the Indian oceans and therefore, the West and the Orient. This is widely considered a milestone in world history, as it marked the beginning of a sea-based phase of global multiculturalism. Da Gama's discovery of the sea route to India opened the way for an age of global imp

Vasco da Gama was the first European to sail around the cape of Africa to establish direct trade routes. The story of his initial journey sees him overcome tremendous hardships, including mutiny, disease, and treacherous Moorish traders, jealous of his designs. His story is no less interesting or significant than that of Columbus, and in his own age, he was just as famous and more successful politically than Columbus.

Vasco da Gama, the subject of this volume, was in his own day more famous than Columbus. Chosen by accident to make a difficult and dangerous voyage, to sail into unknown and savage regions, and to discover a distant and splendid empire, he fulfilled his task with such glorious success, that, on his return, all Europe rang with his praises.

Being interested in learning about Vasco da Gama, I selected this work from an Amazon listing showing publication in 2012, thinking it was a new work. At the time, I did not realize that it was written about 1878, which explains the archaic language, such as "whither," "thither," "bethought", and the like throughout the volume, and the descriptions of Gama as dashing, handsome etc.
