Quick Start Installation Guide - Appian

Installation took a little longer than I expected, but total was less than an hour to get it all set up. Once installed, there have been no problems at all. Like all Linksys products I've used, it just keeps working perfectly. The WAP54G provides a strong, excellent signal, very good on 3rd floor, and also good on 1st floor in our kitchen.

Linksys WAP54G 54Mbps Wireless-G Access Point. Wireless-G is the 54Mbps wireless networking standard that's almost five times faster than the widely deployed Wireless-B (802.11b) products found in homes, businesses, and public wireless hotspots around the country - but since they share the same 2.4GHz radio band, Wireless-G devices can also work with existing 11Mbps Wireless-B equipment.
