Roman law is the legal system of ancient Rome, including the legal developments spanning over a thousand years of jurisprudence, from the Twelve Tables (c. 449 BC), to the Corpus Juris Civilis (AD 529) ordered by Eastern Roman Emperor Justinian I. Roman law forms the basic framework for civil law, the most widely used legal system today, and the terms are sometimes used synonymously.

According to the tradition of the rule of law in the West, to be under law presupposes the existence of certain laws serving as an effective check on arbitrary power. The rule of law is therefore far more than the mere existence of positive laws, as it also requires the state to act in accordance with principles of a 'higher law'.

In Western Europe the Corpus Juris Civilis was revived in the Middle Ages and was "received" or imitated as private law. Its public law content was quarried for arguments by both secular and ecclesiastical authorities. This revived Roman law, in turn, became the foundation of law in all civil law jurisdictions.
