Keep your eye out for manuals and take a bag or box to hold them. Try the car, garage, basement, kitchen drawers. 2. Once you have everything you think you'll include in the binder, now is the time to do some prep. There are various ways to separate the manuals, I used purchased dividers with tabs to insert labels into.

Sealing your home against air leakage is one of the simplest upgrades you can undertake to increase your comfort while reducing your energy bills and carbon emissions by up to 25%. Air leakage accounts for 15–25% of winter heat loss in buildings and can contribute to a significant loss of coolness in climates where air conditioners are used.
