LEGAL ASPECTS OF FOREIGN DIRECT INVESTMENT IN INDONESIA: An Overview Dr. Elly Erawaty, S.H.,LL.M Senior lecturer at Law School of Universitas Padjadjaran, Indonesia 1. Introduction Following the 1997 Asian Economic Crisis, Indonesia experienced a period of severe

FDI is considered inward when foreign capital is invested in domestic ventures, and outward when domestic capital is invested in foreign ventures. There are various forms of FDI such as:

- Acquisition of a foreign enterprise;
- Start-up operations;
- Greenfield investment;
- Mergers and acquisitions.

Two of the distinguishing features of the law on foreign direct investment (FDI) are its complexity and its creativity. The law on FDI embraces the domestic rules and regulations dealing with foreign-controlled businesses as well as the international legal instruments that regulate foreign direct investment.

From a WTO perspective, the most interesting and relevant aspect of FDI is its interlinkages - economic, institutional, and legal. This in mind, it was decided to focus this report on the interlinkages between FDI and trade, rather than on FDI per se.

Unemployment in Brazil is low, wages are rising and the level of foreign direct investment is high. There are plenty of business opportunities in Brazil, including: mining, retail, capital projects and infrastructure, and in catering to a growing demand for education and healthcare.

Legal aspects you need to consider before delving into FDI include:

- The political and legal system to lure foreign direct investment.
- Legal aspects of foreign direct investment (FDI) are complex and creative. This is in line with the demand for new and creative ways of regulating foreign direct investment in Zambia. The second part aims to introduce the relationship between FDI and the determination of foreign direct investment in Zambia.

Legal Aspects of Foreign Direct Investment

Vi Teaching Material on Economic and Legal Aspects of Foreign Direct Investment 05.2017 1. Introduction: Economic and Legal Aspects of Foreign Direct Investment Created Date: 20160809064751Z

MODULE 1 - ECONOMIC ASPECTS OF FOREIGN DIRECT INVESTMENT. This module begins by explaining and defining various concepts related to foreign direct investment (FDI). It then goes on to examine the determinants of FDI, focusing in particular on locational determinants or host-country factors. From a WTO perspective, the most interesting and relevant aspect of FDI is its interlinkages - economic, institutional, and legal.

The first part of the paper examines the constitution and functions of the competent authority for regulating foreign direct investment to Zambia. The second part examines the determinants of FDI, focusing on the interlinkages between FDI and trade, rather than on FDI per se.

The political and legal system to lure foreign direct investment.
